

Clinical Genetics Society

Anamika Banerjee

Year 5 Medical Student, Current Chair of Imperial's Clinical Genetics Society 2019-20

Running for Chair of Imperial's Clinical Genetics Society 2020-21

- Previous Academic Officer 2018-19

Some of my plans moving forward:

- Continue to improve existing events
- Increase social events and networking opportunities
- Research and placement opportunities
- more exciting events, e.g. collaboration for ethical debates, AI and technology in genetics and more!
- Further careers events
- Improving marketing and publicity
- Desire to see the society grow and reach new heights!

Organised Charity Fundraisers!

Guided organisation of Journal club and Academic skills workshops

Created the 'BSc Choices Event' for students to gain insight to the Intercalated BSc courses available

Established formal feedback system and actively respond to feedback for all events!

Created and Developed Tutorial Series

Co-founded our annual flagship event, 'Genes and Beyond Conference' first held in 2018

Working with the fantastic committee, we almost doubled our members to over 200 this year!

Follow Imperial College London's Clinical Genetics Society on Facebook!

Huge thank you to the amazing committee this year! Committee 2019-20
