

FRANCESCO MARIO CERRITO  
THE ACADEMIC REP YOU DESERVE

I am determined to proactively pursue improvements to the course and seek to maintain the high standards expected by the students. My aims are to:

1. **Act upon all the feedback provided and maximise communication**, through forms and communication channels
2. **Align the timetable of the department with that of other departments**, to make students able to get involved in the extra-curricular activities offered by the college
3. **Create revision sessions for everyone**, to serve as weekly chances for students to come together

ALWAYS UNITE, NEVER DIVIDE
