VOWS

Huaihou (Apollo) Yang has been a pleasure to work with for past year in the Bioengineering wellbeing network

He helped plan, organize and run a great number of hugely successful events. His attention to detail and thoughtfulness made events inclusive and he always caters events to different students' preferences. He is always willing to lend you a listening ear and he clearly understand students' challenges and needs. He's definitely someone the team can rely on.

He's proactive, approachable and compassionate, making him the perfect wellbeing year rep. As the departmental representative this year, it would be my pleasure to see Huaihou (Apollo) Yang as wellbeing year rep again and to work with him again this year.
