

VOTE JORDAN

FOR
WORKING CLASS OFFICER

As your current Working Class Officer I love supporting Working Class and First Generation students at Imperial, though I still have more to offer to the role:

So far, I have:

Helped to negotiate changes to the Imperial Bursary, including:

- Increasing annual funding by £700,000
- Increasing the max threshold (from £60,000 to £70,000)
- Creating a £5000 package for care leavers and estranged students

Created and maintained the network's group chat (with 110+ members)

Run the Working Class Network's first ever social

Represented Working Class and First-Generation students in social media campaigns including **#whereyoubelong** and **#mentalhealthday**

In 2023/24 I plan to:

- Continue working with the college to **provide cheaper food on campus**
- Host an **imposter syndrome** seminar with speakers from different industries
- **Collaborate with social mobility organisations**, such as the Social Mobility Foundation
- Continue to support Working Class and First-Generation students at Imperial College, including introducing a **Mums & Dads scheme**
