

hello, my name's james...

... and I'm running to be your next Imperial College Singapore Society President.

In short, I'm running to give back to the community that has given me so much. Having a core group of friends in our society has helped me navigate the highs and lows of living in London. Without the activities organised by our society, I would have never had the opportunity to build such close bonds here.

At its core, this is what our society is all about - building *a home away from home*. This is what it looks like to me:

- You:** a vibrant university experience, doing what you love and furthering your aspirations.
- Us:** fostering a sense of belonging and a safe space for our community.
- All:** collaboration with other universities and societies, cultivating inter-societal connections.
