Your Helper To Success!

Have you ever...

- 👉 Found it difficult to engage with opportunities provided by our society this year?
- 👉 Struggled to secure a spring/summer offer?
- 👉 Failed to find & join external networking/insight events?

Reach out to me on LinkedIn!

If so, I am here to resolve exactly these problems for you by sharing my experience thoroughly with you! Not just as a president, but as a *helper to your success*.

As a campus ambassador for **SEO**, I can provide opportunities for in-person masterclasses at the offices of names such as **Goldman Sachs, UBS, Barclays** and **many more**

As **DoCSoc's** sponsorship liaison, I have contacts to 15+ top **HTFs & Hedge Funds** for future sponsorship opportunities.

As an analyst at **MergerSight**, I can guide you to explore PE/M&A/IPO transactions.

As a sector head at **QT Capital** who produced one of the best performing pitches, ([NYSE:PH](#) 25%+ return) I will help you level up your pitch quality.

B

As someone who has previously collaborated with the **Business School**, I will liaise with them to improve the knowledge depth of our members.

With the Algorithmic Trading & Blockchain society, we will...

Host Imperial's First-Ever Trading Hackathon
Establish A Well-Rounded Application Ecosystem
Send Imperial Students To Networking Events

Endorsements

Ahmad Danesh

Lead Lecturer, SEC
Head of Editorial (21-22)

"Kai's energy and desire to take the society to the next level exactly matches that with which I did my role. His plan to collaborate with Blockchain and AlgoSoc is extremely exciting, hence there is no one better for the role of leading the UK's best finance society and continue enhancing our success".

Imran Khan

President,
Imperial Blockchain Group

"Kai has shown a keen interest in improving the collaborative efforts between us and Investment Society to pool our resources where appropriate. The Imperial Blockchain Society looks forward to help organise the trading hackathon, host events together and have more cohesion with QT Capital."

Dan Everett

President,
Algorithmic Trading Society

"Kai's dynamic enthusiasm was evident during preliminary discussions with Algorithmic Trading society to discuss upcoming collaborations for the next year. Kai is tailored for the presidency as members will benefit from his in-depth and his vast array of connections that he's accumulated in the industry."
