Y2 Molecular Bioengineering

**Candidate for UG Departmental  
Wellbeing Representative**

**CLICK HERE TO VOTE!**

## EXPERIENCE

**Sponsorship Officer of IC FemTech Society:** Helped in the organisation and planning of events and outreach to sponsors

**Speaker Coordinator for IC TEDx Society:** Outreach to speakers to give talks on campus

**Subcommittee for the inaugural IC Medathon (Medical Hackathon):** Worked with team in the running of a 2-day hackathon on campus

Aiming to help promote, prioritize and facilitate mental health wellbeing for the department, and increase the wellness support and facilities available for all students to make their time as students as smooth as possible

## AIMS & GOALS

- **Organize peer counselling workshop/mental health first aid training - skills on how to help peers who need wellbeing help**
- **Work closely with Bioengineering Society to ensure regular welfare events and initiatives are being planned throughout the year**
- **Act as bridge between students and department by regularly contacting year reps to note any pressing issues and acting on them**
