1. Your Questions, Answered:

We've all had questions while reviewing notes from previous lecture, but it can be difficult to ask a lecturer directly due to shyness or their busy schedule.

- **ASK ANYTHING, ANONYMOUSLY:** Use our dedicated Microsoft Form to ask about lecture content you're unsure of, whenever you're studying.
- **A RELIABLE LINK:** I will personally collate all questions weekly and deliver them to our lecturers to ensure they are seen.
- **LEARN BETTER, TOGETHER:** Lecturers will use the first few minutes of a lecture to answer our questions, benefiting the whole year group.

2. Tackling Deadline and Exam Stress:

I know that the pressure around assessment periods and homework deadline are intense.

- **PEER SUPPORT NETWORK:** I will create a dedicated group chat for us to help each other with revision and tackle coursework problems together.
- **YOUR VOICE FOR FAIR DEADLINES:** I will actively advocate to the faculty to prevent "deadline bunching" and ensure our assessment schedule is manageable.

Let's connect

Your questions are important. I want to make sure you have every opportunity to ask me about my plans. Here's how you can reach out:

- **IN PERSON:** See me on campus? Come and say hello! I'm always happy to chat.
- **DIRECT MESSAGE:** Contact me via Instagram or WhatsApp for a quick response.
- **ASK ANONYMOUSLY:** Scan the QR code to ask anything through my secure Microsoft Form. It's 100% private.
