

# VOTE YI FOR DEPUTY PRESIDENT EDUCATION

I'm Yi Yang, a 3rd-year geophysics student running for DPE. I have two years of experience in serving as a "mum and dad" and one year's experience as the Gender Equality Officer and student ambassador. To improve women's benefits, I have launched campaigns about creating a better learning environment in the Central Library including installing water boilers and providing free period products on all floors. These helped me know exactly how to effectively advocate for student benefits.

# IF ELECTED

## IMPROVE YOUR VOICE

- (1) Review UG/PG syllables to ensure that state-of-the-art material is being taught at the College;
- (2) Launch campaigns to standardize UROP application, request extra funding opportunities, and organize public lectures and volunteer teams (composed of previous UROP students) to support junior UG students in UROP applications;
- (3) Work with PGR reps to amend mutual expectation documents and introduce minimum supervision hours to guarantee the quality of research support;
- (4) Lobby to introduce English-as-a-Second-Language courses for non-native speakers to improve their class engagement.

## IMPROVE EDUCATION QUALITY

- (1) Work with union staff to provide professional training for new reps and arrange regular meetings to collect your ideas;
- (2) Sit in College Senate and other committees to challenge the university and raise your voice in university decision-making;
- (3) Improve the Union Survey system to stay closer to student cohorts, Collect, Understand, and Communicate your opinions straightforwardly with College and Union.

## IMPROVE YOUR CAMPUS EXPERIENCE

- (1) Emphasize mental health care to support students facing mental health issues, especially anxiety, and depression;
- (2) Campaign to alleviate opportunity disparity between different gender and ethnicity in education at Imperial;
- (3) Do all I can against the annual tuition fee increase.
